Brief summary of your organization

How did you find out about the NPC and why did you get involved?

Is your work here in Second Life as an individual or are you representing a foundation?

Some say the professional networking opportunities in SL have been extraordinary. Have you found this to be true? If so, what advice would you give someone for effective professional networking in SL?

Why do you think virtual worlds such as Second Life are valuable for non-profits?

Do you think every non-profit should have a presence within SL or is it only appropriate for particular types of organizations?

More than likely you are fairly new to SL. Since there is a learning curve, what advice would you give to make being in SL easier?

Upcoming projects/events

Current/On-going Needs (RL or SL)
